COMMITTEE FOR CHILDREN WITH SPECIAL NEEDS: MISSION STATEMENT

Our lives are not determined by what happens to us, but how we react to what happens; not by what life brings us, but by the attitude we bring to life. A positive attitude causes a chain reaction of positive thoughts, events and outcomes. It's a catalyst...a spark that creates extraordinary results. As a committee our mission is to offer information to provide a positive catalyst to help achieve optimal results for our children's futures.
